

**Assateague Island**  
**By Walter S. Zapotoczny**

Horses on the beach  
Hot summer day  
The ocean is warm  
The flies are biting  
More insect repellent  
White sand and shells  
More horses and deer  
Dinner on the grill  
Horses in our campsite  
More flies and now mosquitoes  
More insect repellent  
Baiting the hook for crabs  
Wading in the water for clams  
The ocean is warm  
Napping in the sun  
The flies are biting  
More insect repellent  
More horses and deer  
Horses in the campsite  
A trip for ice cream in the evening  
The ocean is warm
